- Riders must wear closed toed secure shoes.

- Riders must secure loose articles. Hats must be worn backwards or removed during the ride.
- Phones, cameras and video equipment may not be used during the ride.
- For your safety, please hold onto the snow tube handle(s) while the ride is in motion.
- Remain seated during the ride until the snow tube comes to a complete stop.
- When exiting the ride, stay in your snow tubing lane and walk to the exit. Do not walk onto other snow tubing lanes.
- Riders must use the snow tubing equipment provided by Snowcat Ridge and may not bring their own equipment.
- Riders must wear appropriate clothing. This is real snow! Snow is wet, cold and slippery. We recommend wearing warm, water-resistant clothes including gloves and boots. Layering is also recommended, as you might start out cold and then gradually warm up as you play in the snow. You may also consider bringing a change of clothing. If you don't own any winter clothing, Snowcat Ridge sells basic snow gear like hats, gloves and jackets.
